Dear Parents/Carers

I hope this message finds you well. I am writing to you to remind you about our safeguarding app - imabi Inspire.

Imabi Inspire remains a valuable resource for our students, offering comprehensive guides on topics such as mental health and exam stress. Additionally, it provides a direct communication channel for students to reach our safeguarding team and access links to support services like Childline.

Since its introduction, imabi Inspire has become an additional layer within our school's support framework. We are proud to have led the implementation of this app, which centralises essential resources for our students' benefit.

Accessing the app is straightforward, requiring students to log in with their school credentials. The app complies with GDPR regulations to protect students' data.

Imabi Inspire supports the school by enabling us to create safe spaces for students and respond promptly to their needs if they feel unable to speak to any of the support in school. For students, imabi Inspire provides a dedicated platform to access support, report incidents and browse useful information.

While we understand that downloading apps may not be everyone's preference, we believe that imabi Inspire offers benefits to our students. It serves as a readily available support system whenever they may need it. Therefore, we wanted to highlight its availability to you.

For more information about imabi, please check out the website here <https://www.imabi.com/schools>

Yours faithfully

Mrs Louise Rea-Palmer
Assistant Headteacher/Designated Safeguarding Lead
