Dear Parents/Carers

The SIMS Parent App – easy access to important school information

We can conveniently share information about your child's school life. You can access the system from a smartphone, tablet or PC – anytime, anywhere.

You will have access to important information such as:

- Student timetable.
- School term and inset dates are available at the click of a button.
- Access your child's school report.
- Access to update your contact details, so we always have the most up-to-date information in case of an emergency. This will link with our Evolve School Trip system.
- If you have more than one child at school, you'll have access to information for all your children from the same app.

Getting started with the SIMS Parent App
